

Hartal Policy

Canadian International School of Bangladesh

The Canadian International School of Bangladesh (CIS) is usually open during a Hartal.

It is the parents' decision whether to send their child to school during a Hartal.

CIS's attendance policy outlines expectations in relation to attendance.

Parents are required to inform the school by phone call, email or note if the student will not be attending due to a Hartal.

Students absent during a Hartal are responsible to make up the class work given during this absence.

If, due to circumstances, school administration decides to close the school during a Hartal, parents will be informed by SMS/text message.

Any lost school days due to Hartals will be rescheduled and parents will be informed of rescheduled classes with as much notice as possible.
